RUMORS OF **90** BEING FREE FROM FEDS

BN Agent, X

Yesterday a steer up of rumors surfaced on social media of Ninety Knowles being secretly released from prison. We can confirm that, the rumor is untrue and he is still under the watchful eye of Uncle Sam, under maximum security and if you don't know who Ninety Knowles is, Pusha T said it best "if you know, you know."

It started about a decade ago, a US appeals court had

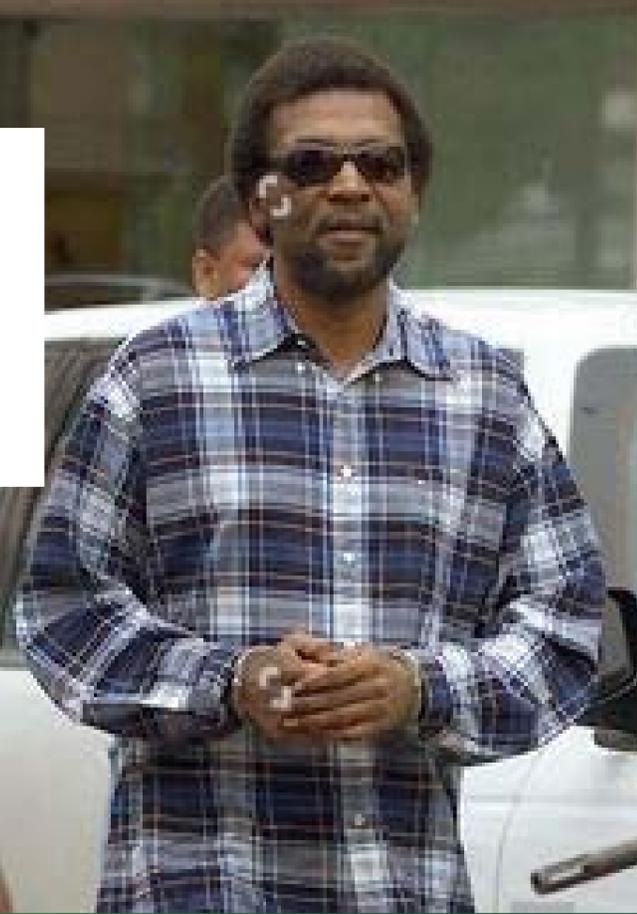

upheld the convictions and sentences of kingpin Samuel "Ninety" Knowles.

Knowles was jailed for 35 years in May 2008 on federal trafficking charges. He will ultimately serve 25 years and is scheduled to be released at the age of 75.

Knowles, who spent six years locked away in Fox Hill prison fighting extradition to the United States, was abruptly flown there on August 28, 2006. Where feds began their trial shortly after, with all intentions of making an example out of Knowles. It's been 10+ years now and Knowles won't be

seeing freedom until an estimated April 19th 2032.

BAHAMIAN MOTHERS FLYING USA

**TO GIVE BIRTH, HOW IT'S DONE
AND WHY?**

**WHAT ARE THE
PERKS YOU MAY
ASK, WELL HERE
IT IS.**

BN Agent, X

Bahamians travel to America to give birth to newborns quite often, do you ever wonder why? And what benefits are given to their child for them to want to do so? But, what if it was you, what if you are travelling to America while pregnant and need to give birth while in the US? Essentially, a child born in the US is considered an American citizen by birth. And, this opens up the door to a lot of opportunities.

Being born in the United States also comes with a host of benefits for the child's parents. So, if you or someone you know recently gave birth in the US, here are some benefits you should know about.

Freedom to Return to the United States
This is one of the most important benefits for a child born in the US. Your child can return to America in the future, without the need to apply for a visa. Whether it is to work in the country or for education, they will never need a B1, B2 or any other visa.
Access to American Scholarships
If your child applies to a US university, they have the opportunity to also apply for various scholarships that are reserved only for American

nationals. Normally, it is very difficult for international students to get scholarships in the US at the undergrad level. So, US-born children will find it much easier to pursue their undergraduate degree in the country. This also means that you will have to shell out less money for your child's education. **Choice of Citizenship**
According to US immigration laws, you cannot take the decision to revoke the US citizenship of your child. Your child has the final authority and freedom to choose between Indian and American citizenship. But there is a relaxation period for making this choice, that is, until the child turns 18.

Ease of Travel
With a US passport, your child can travel to a large number of countries without needing a tourist visa. This is because the US passport is a very powerful one and

allows visa free travel to 116 countries, while 47 other countries provide visa on arrival to US citizens. Apart from this, your child will face less problems at various foreign airports due to their US citizenship. These two important benefits for a US-born child are greatly helpful for Indian parents as well. Parents do not have to apply for and pay visa application fee to most countries. Also, less trouble if immigration comes as a great relief for parents. **Next Steps for Parents after the Birth of a Child in the US**
You need to complete the birth record information sheet given by the hospital within 12 hours of birth. Also inform the authorities about your wish to expedite the process to get a birth certificate. After 30 hours, schedule an appointment with the onsite birth records officer and provide the needed information. After a week of birth, visit the Vital Records

Office and get a copy of the birth certificate. After 10 days, start the application process for getting your child's US passport. If you're planning to return to India, then apply for OCI with the nearest consulate online. Usually, it would take 3-4 weeks to get it.

MP VAUGHN MILLER HAS NEWBORN, BIRTH AS U.S. CITIZEN

BN Agent, X

The Millers
Welcomes
Vaughn Jr.

MP Vaughn Miller and his wife Mrs Miller has given birth to their baby boy earlier this week. A 6lbs 1 oz boy in a Florida hospital. Both mother and baby are doing well. Congrats. But here is the flip side, the typical two Bahamians new birth story! Our MP has clearly displayed to us the lack of benefits in our system of being a Bahamian, here's a question Doctors Hospital or PMH wasn't good enough? Does he not have any faith in our public health system. Or does the facts remain that he

is trying to say being an American citizen is simply way better than being a Bahamian and comes with way more benefits?

I mean come on MP, your boss, Doctor Minnis could've even advise the best doctors in our country to make this birth a success and memorable in The Bahamas. But hey the message is written to us all BIG and BOLD. It's Better In AMERICA. Maybe we need to revamp the perks that comes with being a Bahamian and maybe then more Bahamian parents wouldn't run to Florida to give birth.

PLASTIC BAN 2020!

BN Agent, X

The Ministry of Environment and Housing created a task force to advance an inclusive national campaign to phase out single-use plastics such as plastic bags, straws, food utensils and Styrofoam containers by 2020. By implementing the ban, The Bahamas will join more than 40 countries around the

world including parts of the United States, the United Kingdom, Denmark, Ireland, Kenya, Rwanda, Haiti, and Antigua and Barbuda that have already enforced or are in the process of formulating bans on selected plastic and Styrofoam products. At the current rate of plastic pollution, the Bahamas Plastic Movement estimates that it could cost the country up to \$8.5 million in tourism losses annually. Biodegradable alternatives to plastic bags and Styrofoam containers such as reusable bags, paper, and plant-based food containers have already been introduced to the local market by hotels, restaurants, and suppliers.

ZNS STAFF CALLING IN SICK

BN Agent, X

**ZNS
NORTHERN
BAHAMAS
BUILDING
UNFIT

BCPOU President, Dino Rolle has reached out to news outlets about the current 'sick out' by ZNS Northern Service line staff, citing hazardous working conditions at the Harold Degregory Complex. The building's ground floor was significantly damaged due to flood waters as a result of Hurricane Dorian in early September.

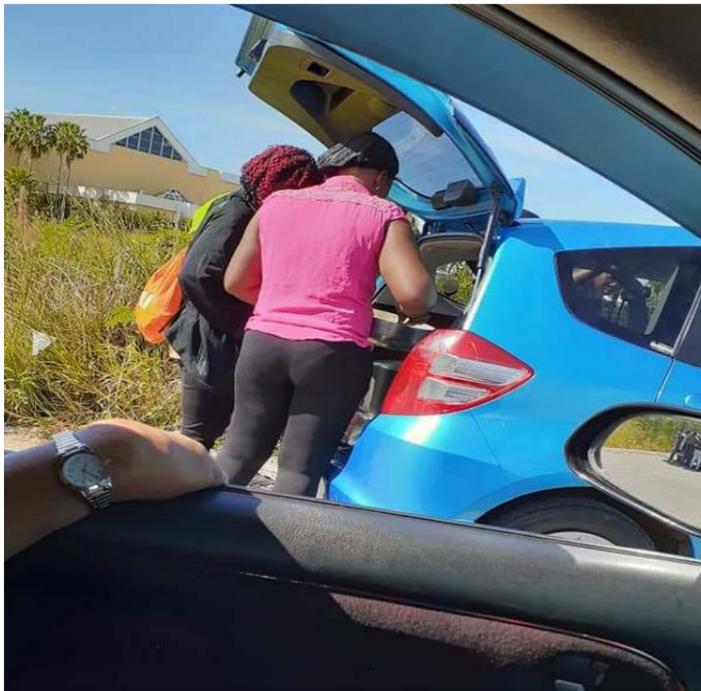

IMMIGRANTS SELLING GOODS TO HURRICANE VICTIMS

BN Agent, X

Police were called to the Stadium/shelter today to remove Haitian vendors who were selling food to people living in the shelter affected by hurricane Dorian. The vendors who had no license, no health certificate and also no work permit initially refused to leave when requested by authorities, but

eventually pack up and left.

WOMAN WAS SEXUALLY ASSAULTED, BEATEN AND THROWN INTO WATERS AT POTTER'S CAY

BN Agent, V

A woman was sexually assaulted, beaten and thrown into waters at Potter's Cay on Monday morning in a shocking attack, police said.

A 41-year-old man is in custody in connection with the incident and police said they were searching for another suspect yesterday.

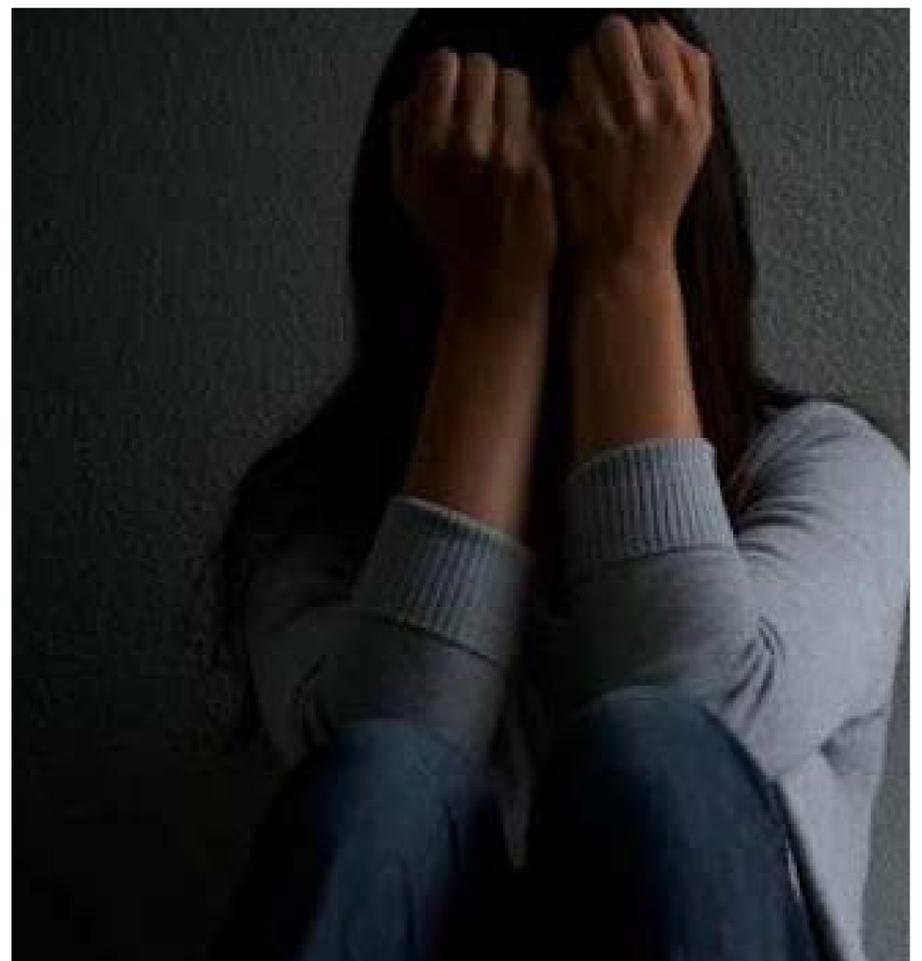

The attack took place shortly after 1am on Monday. Police said a

Bahamian woman was at the waterfront at Potter's Cay when she was beaten, sexually assaulted by two men and thrown into the ocean. Five hours later, she was rescued by a passing vessel and was taken to hospital and later discharged. It is unclear whether the woman knew her attackers.

Police statistics indicated reported rapes increased last year by six percent over 2017. Police Commissioner Anthony

Ferguson's 2019 policing plan, which was tabled in Parliament in April, signalled the organisation's plans to put a greater focus on tackling sexual offences.

Earlier this year, Chief Superintendent Solomon Cash said high visibility policing will continue throughout the capital. His comments were in response to the alleged abduction and sexual assault of two young women in May.
